

ICC *Virtual* Annual Meeting 2020

PHLEBOLYMPHEDEMA AND COMPRESSION

Speaking time: 15 minutes

I Session: October 2nd, 14:00 CET:

Chair: Giovanni Mosti

Epidemiology of chronic edema	Christine Moffat, UK
Edema assessment, especially by Bio-impedance	Attilio Cavezzi, I
Arm lymphedema: duplex characterization	Sergio Giancesini, I
Venous edema-lymphedema: different treatment due to different pathophysiology?	Peter Mortimer, UK
Compression in arm lymphedema	Jean Paul Belgrado, B

II Session: October 16, 14:00 CET

Chair: Giovanni Mosti

Compression in leg lymphedema	Waldemar Olszewski, PL
Compression to prevent arm lymphedema	Kate Ochalek, PL
IPC: protocols in leg and arm lymphedema	Marzana Zalewska, PL
Compression in unusual edema localization	Franz Schingale, D
Night compression? Why, when and how?	Isabelle Quéré, F
Legs Matter Campaign and Coalition: changing perspectives and raising awareness (5 minutes)	Alison Hopkins, UK

III Session: October 30, 14:00 CET

Chair: Giovanni Mosti

MLD: still mandatory in lymphedema treatment?	Tessa De Vrieze, B
Additional therapeutical procedures	Isabel Forner, E
Do short stretch bandage always feature higher stiffness then long stretch bandages?	Michael Kisiel, D
Compression in venous edema (bandages, stockings, ACW, IPC?)	Mieke Flour, B
Edema compression in DVT and PTS	Arina ten Cate, NL

IV Session: November 13, 14:00 CET

Chair: Giovanni Mosti

Self-management for edema compression	Jean-Patrick Benigni, F
Compression by water	Giovanni Mosti & Alberto Caggiati, I
Edema compression and heart failure	Tobias Hirsch, D
Compression in lipedema	Gyozo Szolnoky, HU
Pneumasox	Tim Wentel, NL
